May 8, 1905.

President Wm J. Kerr,  
Logan, Utah.

Dear Sir:

I wish to secure a position  
as an assistant in botany in some  
first class agricultural college.  
Do you think you may need such  
a man?

I would like to be so situated  
that I may continue my work on  
a thesis begun here and at the  
same time to have an opportunity  
to learn the practical side of botany.  
Of course I shall be satisfied  
with a small salary for a year or  
so.

At present I am a graduate student  
at the University of Chicago and I am  
making a specialty of Mycology.

and Plant Pathology. It  
a chance for me to get a job  
with I hope you will put me in  
communication with the head of  
your department of botany.

Very respectfully,  
E. S. Jones.
